SUMMARY

Building scalable software with Java and intelligent solutions with AI. Strong foundation in Data Structures & Algorithms, Object-Oriented Programming, and full-stack application development using Spring Boot, React.js, and PostgreSQL.

TECHNICAL SKILLS

Languages: Java, C++, Python, SQL | **Core CS:** DSA, OOP, OS, DBMS | **Frontend:** React.js, JavaScript, Typescript | **Backend:** Spring Boot, Node.js, REST APIs, JSON | **Databases:** PostgreSQL, MongoDB
AI & ML: Machine Learning, NLP, Deep Learning, Scikit-Learn, TensorFlow
Data & Visualization: PowerBI, Pandas, NumPy, Matplotlib| **Developer Tools:** Git, Docker, Kubernetes

PROJECTS

Neuro Learn – Agentic AI Learning Intelligence System
Tech Stack: ***Python, FastAPI, React.js, TypeScript, BERT***

- Developed an Agentic AI platform that analyzes developer news, GitHub activity, and technology trends to generate personalized learning insights.
- Built AI-powered trend analysis and recommendation workflows using FastAPI, React, Gemini AI, and NLP models.

Cloud-Native Multi-Tenant SaaS Application
Tech Stack: ***Java, Spring Boot, React.js, PostgreSQL, JWT***

- Engineered a multi-tenant SaaS platform with secure tenant isolation, role-based access control (RBAC), and JWT authentication.
- Developed RESTful APIs and backend workflows using Spring Boot and PostgreSQL for scalable tenant management.

BrailleLite – Accessibility Platform
Tech Stack: ***Spring Boot, React.js, PostgreSQL, Tesseract OCR***

- Developed an accessibility platform that converts images and PDF documents into Braille using OCR.
- Implemented secure authentication, REST APIs, and content management for users and NGOs.

WORK EXPERIENCE

Software Development Intern | Winjit Technologies, Nashik | May 2023 – July 2023

- Worked on enterprise software development workflows, contributed to database operations and debugging in a collaborative development environment.

Frontend Development Intern | Sumago Infotech Pvt. Ltd. | June 2024 - August 2024

- Developed responsive user interfaces using React.js, HTML, CSS, and JavaScript.
- Integrated frontend components with backend APIs to improve application functionality.

EDUCATION

K. K. Wagh Institute of Engineering Education and Research, Nashik
B.Tech in Information Technology | SGPA: 8.23 | 2023 - 2027(Present)

K. K. Wagh Polytechnic, Nashik
Diploma in Computer Technology | Percentage: 89% | 2020 – 2023

ACHIEVEMENTS

- Published Research Paper – "RescueLink Pro" Pioneering Android App for Intuitive Emergency Helpline Services and System" in IJNRD.
- Winner – Sanjivani Hackathon 2024.
- Top 10 Finalist – NASA Space Apps Challenge.

Coding Profiles : Leetcode [https://leetcode.com/u/Dinah_Khan/] - Solved 200 problems
